FLOOD OF RUMORS.

They Come From All Directions
in Regard to the Plans
of the Japanese.

THEIR TRANSPORTS ARE KEPT BUSY

The Russian Fleet is Unable Longer
to Menace Them and They
Go Where They List.

The Japs Continue Their Advance To-
wards Manchuria Through Korea
and Consider Disembarking a
Flank Movement.

St. Petersburg, April 19.—St. Petersburg is flooded with rumors from all directions regarding the plans of the Japanese now that the Russian fleet at Port Arthur is unable longer to menace their troop transports.

A press dispatch from Port Arthur Sunday last gave 20 as the number of Japanese transports reported as having been sighted steaming in the direction of Yin Kow, the seaport of New Chwang. Officials of the general staff, while having no information in this respect, would not be surprised if the number should turn out to be correct or even that a larger number is steaming there. They anticipated this movement at the time of the breaking out of the war, but the activity of Vice Adm. Makaroff's fleet and the large army in the vicinity of New Chwang imposed caution and, it is believed, made the Japanese abandon, or at least postpone, it, and caused them to continue their advance towards Manchuria through Korea and consider disembarkation and a flank movement at Taku-shan.

Vice Adm. Togo's immense superiority enables him to hold the Russian squadron in Port Arthur and Japanese transports therefore can safely pass through the Straits of Pe Chi Li and attempt to land at the head of the Gulf of Liao Yang or cut off Port Arthur.

Gen. Kuropatkin recently inspected New Chwang. He is familiar with the strategic position there and disposed a strong force to contest a Japanese move at that point, and if such a move is made it is believed he will be able to check it.

Prince Hilhoff, minister of railroads, left St. Petersburg Monday night for Irkutsk, where he will supervise the completion of the railroad around Lake Baika and expedite the dispatch of troops and supplies to Manchuria.

Vice Adm. Makaroff's widow has been granted an annual pension of \$10,000.

A detachment of Russian troops which left Southern Ussuri has reached Maoer-Shan (on the west bank of the Yalu river, 175 miles north of Ping Yang), without having encountered any of the enemy. The detachment has occupied a mountain pass between Manchuria and Korea which it is fortifying with mountain batteries.

An official telegram states that there is no change in the situation on the Yalu river. The Russian outposts are now on islands of the river close to the Japanese outposts which are preparing to retire.

Maj. Gen. Pflug, chief of the military staff at Port Arthur, telegraphs that all statements regarding a siege and fall of Port Arthur are unfounded.

A NOTABLE AUDIENCE.

Performance For the Benefit of Explosive Victims' Kinsfolks.

Washington, April 19.—Official society of Washington was represented largely in the notable audience which witnessed the performance of the beautiful spectacle, "The Dream of Queen Elizabeth," given at the Lafayette Square theater Monday afternoon in aid of the fund for the benefit of the kinsfolk of the enlisted men of the navy who lost their lives in the accident on the battleship Missouri. President and Mrs. Roosevelt occupied a box. The performance was given by the younger members of Washington society, the Baroness Hengelmuller, wife of the ambassador of Austria-Hungary, Countess Cassini and Miss Durand, daughter of the British ambassador, taking parts. The music was furnished by the United States marine band. The amount realized was about \$3,000.

Chicago, April 19.—Theodore C. Hubbard, official messenger of the United States circuit court of appeals since its organization, died Monday.

THE DISTILLERS.

An Important Meeting Was Held at Frankfort, Ky.

Frankfort, Ky., April 19.—A meeting of 15 distillers representing a number of the largest distilleries in Kentucky, was held here Monday and stringent measures planned for the war which is now in progress between "straight" distillers, whose goods are bonded by the government, and the rectifiers. At the meeting it was decided to ask congress for the amendment of Section 3244. of the Federal Statutes. The most important change asked is the alteration of the clause governing the labeling of rectified goods so as to require that "all new high wines aged by any substitute for natural processes be labeled 'rectified high wines.'" Under the present statute the rectified goods may be labeled "whisky" and few persons note the difference between the package and the one on which the government's bonded warehouse stamp appears. It was also decided by the distillers to file a protest with the proper authorities of the Louisiana purchase exposition against the exhibition of any rectified goods under the name of "Kentucky whisky," "Old Bourbon" or kindred terms.

KENTUCKY BANK TAX.

Judge Gregory Handled Down An Imp-
ortant Decision.

Louisville, Ky., April 19.—Judge Gregory Monday handed down an important decision in the case of State Revenue Agent Frank Lucas against the Bank of Commerce of this city, in which he holds that the state can not tax deposits in bank, these being the property of the depositor, and not of the bank, as was set up. This was a test case. Similar suits are pending against 300 banks and trust companies of the state, claiming total taxes of a million.

A VICTIM OF FOUL PLAY.

The Body of Will Morgan Found Floating in the Ohio River.

Madisonville, Ky., April 19.—The body of Will Morgan, of Morganfield, was picked up as a floater on the Ohio river Monday morning and the supposition is that it has been in the water about two or three weeks, as he had been missing that length of time. The body was identified as that of Morgan by a ruby shirt stud in the bosom of his shirt and a few small articles found in the pockets. It is believed he was a victim of foul play.

Charged With Murder.

Hopkinsville, Ky., April 19.—Laura Bruin, Martin Bruin and Rose Garrett, colored, were arrested Monday charged with the murder of Edmund Bruin, whose body was found in the river Saturday. Laura Bruin was the dead man's divorced wife and Martin Bruin was his stepson. It is claimed they wanted some land belonging to Bruin.

Mrs. John F. Fisk Dead.

Washington, April 19.—Mrs. John F. Fisk, 52, widow of the late Lieut. Gov. Fisk, of Kentucky, died Monday morning at the home of her daughter here, where she was visiting. She had Bright's disease. Charles H., a son, of Covington, Ky., was at her bedside. Her body is to be taken to Covington for interment.

Fought on the Train.

Lexington, Ky., April 19.—A desperate encounter occurred on a passenger coach of the Queen & Crescent railway here between two officers and J. L. Mitchell, formerly of Winchester. The officers had warrants, one charging him with petit larceny and the other with jumping a board bill. Mitchell was subdued.

LAST SUPPLY BILL

General Deficiency Appropriation Measure Was Passed in House of Representatives.

A STORMY SESSION ON MONDAY.

The Contest Was a Party One Over Appropriation For Pensions and an Amendment Was Voted Down.

The Senate Continued Consideration of the Sundry Civil Bill, But Did Not Conclude It—Other Bills Passed.

Washington, April 19.—Senate Monday continued consideration of the sundry civil appropriation bill, but did not conclude it. A number of other bills were passed during the day, including measures ratifying agreements with the Indians of the Devil's Lake, Rosebud and Flat Head reservations, located respectively in North Dakota, South Dakota and Montana. The conference report on the army appropriation bill will be considered Tuesday.

House.—The house passed the last of the supply bills of the government, the general deficiency appropriation measure, after a stormy session which lasted till 8:15 in the evening. The contest was a party one over the deficiency appropriation for pensions, which the democrats tried ineffectively to amend by incorporating as a law the recent executive age disability pension order. An effort was made by Mr. Moon (Tenn.) to secure a yeas and nays vote on his amendment as to the age disability order, but the speaker refused to recognize him for this purpose. On a motion to recommit the bill the democrats, angered by the speaker's refusal to recognize Mr. Moon, secured a roll call, but after the vote had been taken all further opposition ceased and the bill was passed.

Late in the afternoon Mr. Hill offered his Chinese exclusion bill, introduced Saturday as an amendment to the special deficiency bill and it was accepted without objection. Several bills were passed early in the day under suspension of the rules.

April 28 continues to be the adjournment goal toward which leaders in both the senate and house are striving. Senators Aldrich and Hale conferred with Speaker Cannon Monday in regard to the legislation which it will be necessary to enact before an agreement can be reached to adjourn congress. The views of the leaders of the two houses are so near in harmony that no reason was found for a change of mind about concluding by April 28. Several members of congress have important engagements which they desire to fill soon after that time and there are many others who anticipate attending the opening of the Louisiana purchase exposition at St. Louis on April 30. Accordingly when the question of adjournment was broached Monday it was the unanimous opinion that next week should see the close of congress and Thursday seemed to be the day most favored if all business on the legislative slate can be put through. Important measures outside of appropriation bills which remain on the slate are few.

CIVIL WAR MONITORS.

Four of Them Passed Into the Hands of Private Parties.

Washington, April 19.—Four of the old civil war monitors Monday passed into the hands of private parties. The Jason and Nahant go to L. E. Hunt, of Molrose, Mass., for \$11,868 for each; the Lehigh to R. P. Potter, of Fall River, Mass., for \$12,052 and the Montauk to Frank Samuel, of Philadelphia, for \$12,059. No bids were received for the purchase of the Monitor Canonicus and it has been suggested that she be preserved by the government for use at the proposed exposition at Jamestown, Va., and this probably will be done. All the monitors named are at League Island navy yard.

The Canal Commissioners.

Panama, April 19.—The United States canal commissioners visited Panama Monday morning and returned to Colon in the afternoon. The commissioners refused to give any information concerning the progress of their work.

PART OF BANKRUPT'S ASSETS.

Cash, Bonds and Warehouse Receipts in a Safety Deposit Box.

Milwaukee, Wis., April 19.—In a box in a safety deposit vault, engaged a few weeks ago by a servant girl, was found Monday over \$20,000 in cash and bonds and a number of warehouse receipts certifying to the storage of thousands of dollars worth of valuable goods.

This property, which was brought to light Monday, is believed to be a part of the assets of Marcus Kaatz, a Chicago bankrupt cap manufacturer, who disappeared suddenly last year when creditors commenced an investigation as to his financial standing.

The money and receipts are alleged to have been concealed in the vault by Anna Kaatz, of this city, a sister of the missing bankrupt. Attorneys for the creditors will ask for a receiver to take charge of the property. The developments were the result of proceedings in the bankruptcy court.

Chicago, April 19.—Marcus Kaatz, a dealer in hats and caps, failed last fall with liabilities of \$75,000. He left Chicago to avoid complications with his creditors at the time, and, it is claimed, that he took with him over \$60,000. His son, Rudolph Kaatz, was arrested and placed under bonds of \$10,000 on a charge of having received money from his father after the latter had made a petition in involuntary bankruptcy.

ATE MATCH HEADS.

Peter Niedermeyer, Car Barn Bandit, Attempted Suicide.

Chicago, April 19.—Peter Niedermeyer, one of the car barn bandits sentenced to be hanged Friday, attempted to commit suicide early Monday.

At 1:30 o'clock Guard Roeder heard groans in Niedermeyer's cell, and found him desperately sick. The jail physician, Dr. McNamara, had him taken to the jail hospital.

Search of the cell revealed a box of matches, the heads of a large portion of which he had eaten off. With a lead-pencil he had opened the veins of his left wrist and had lost much blood.

The guards about Marx and Van Dine, the other condemned men, were doubled, and other precautions taken to prevent any similar attempt on their part.

A strict search of the cells failed to reveal anything that would throw light on how the prisoner could have obtained a sufficient number of matches to produce such a severe sickness. Jaller Whitman thinks he had premeditated the attempt for some time, and had been saving up matches.

Monday night the condition of Niedermeyer was much improved and it was announced that in a day or two he would be entirely recovered.

NEW YORK STATE CONVENTION.

Delegates to the Democratic National Convention Were Elected.

Ackerman, of Brooklyn, and Francis Burton Harrison, of New York. The delegates were instructed, by a vote of 301 to 149, for Alton B. Parker as the state's candidate for president.

Washington, April 19.—The Baltimore conference of the African M. E. church, in session here, Monday adopted resolutions appealing to President Roosevelt for aid in securing permission for an exhibit at the St. Louis exposition by the Negroes of the country and urging the senate to confirm the nomination of Dr. William L. Crum as collector of the port of Charleston. Dr. B. F. Watson, of Philadelphia, in charge of the church extension work of the A. M. E. church, addressed the conference and later the delegates were received by President Roosevelt.

William Frazier Dead.

Denver, Col., April 19.—William Frazier, one of the oldest employees of the Western Union Telegraph Co. in the United States, died here Monday. Mr. Frazier began service with the Western Union as a messenger in Chicago in 1866.

He Has No Assets.

New York, April 19.—Albert M. Palmer, the theatrical manager, has filed a bankruptcy petition in which he gives his liabilities at \$152,994 and says he has no assets. According to the schedules many of Mr. Palmer's debts date back to 1888.

COLORADO MUDDLE

Gov. Peabody Will Not Produce President C. H. Moyer in the Supreme Court.

HE WANTS THE ORDER MODIFIED.

It is Claimed That Under the Present Circumstances it Would Be Unsafe to Produce Moyer.

The Tribunal Will Be Asked to Proceed With the Case the Same as if the Petitioner Was Present in Court.

Denver, Col., April 19.—After conferring with Attorney General N. C. Miller, Attorney John M. Waldron and Gen. Sherman Bell Monday, Gov. Peabody decided that he would not produce the body of President Charles H. Moyer, president of the Western Federation of Miners, before the supreme court of Thursday, under the writ of habeas corpus sued last Friday.

Mr. Waldron will appear before the supreme tribunal and ask that the court issue a modified order. He will set up in his return that under the present circumstances it was unsafe to produce the petitioner and will ask the court to proceed with the case the same as if the petitioner were in court.

This stand was taken because of representations made by Gen. Bell. He told the governor and attorneys that he was satisfied that a plan had been formed by union men whereby Mr. Moyer would be rescued from the custody of the few soldiers who would be sent in charge of him or barn midnight come to him through the actions of men in San Miguel county opposed to the Western Federation of Miners and to union men in general.

At the conference Monday representations that will be put in the return to be made to the supreme court by the state officers were decided upon.

The answer will maintain that the power of the governor is supreme in such cases. It will be maintained that he has the authority to arrest and imprison at will for the good of the state and he may incarcerate any person for an indefinite period. It will be said it is necessary to keep Mr. Moyer in custody for some time yet as it will be impossible to bring about peace in San Miguel county unless he is confined in confinement.

The case instituted against William D. Haywood, secretary of the Western Federation of Miners for alleged desecration of the American flag was continued to April 28 by Justice Illinois Monday. Owing to the incarceration of President Moyer and other members of the federation who are witnesses the charge against Mr. Haywood could not be tried.

SOME "TRUST" FIGURES.

When Congressman Littlefield, last year, had printed in the Congressional Record his list of 800 trusts, with nearly \$14,000,000,000 of capital, the country was startled at the exhibit. Now comes Mr. John Moody a Wall street publisher, with a new book entitled "The Truth About the Trusts," which gives us even higher figures.

Mr. Moody gives a classified list of the leading trusts in the United States. He gives 318 important industrial trusts, controlling 5,288 plants, having a total capitalization outstanding of \$7,246,342,533. He enumerates 111 important franchise trusts (telegraph, telephone, gas, electric light and street railway consolidations), controlling 1,336 plants, and having a total capitalization of \$3,735,456,075. He discusses the six great steam railroad groups with a total capitalization of \$9,017,086,907, and the ten allied independent railroad systems having a capitalization of \$380,277,000.

The great total of the capitalization of all the trusts considered in this book, industrial, franchise and transportation, is \$20,370,162,511.

After mentioning the fact that there is in this country about \$30,000,000,000 of wealth outside of the trusts discussed in Mr. Moody's book, the Wall Street Journal of March 17th makes the following very significant statement:

"It should not be overlooked that the trust wealth is the most important, in that it largely controls all the other wealth. The trusts are in control of the transportation facilities of the country. They are practically in control of its banking facilities, and they control its main industrial systems. Through control of the banks, the railroads and the leading industrial companies, the directors of these trusts practically direct the business of the country, and when it is said that of the \$20,000,000,000 of trust capital in the United States, upwards of \$1,000,000,000 is held by one family, and that the greater amount is represented by a group of perhaps a dozen capitalists, one gets some conception of the immense power which is wielded in this country by a few capitalists."

The fact that the Wall Street Journal, and to some extent also, Mr. Moody, attempt to justify the existence of these trusts is of no consequence. It is of great importance that nearly all of these trusts, with over \$20,000,000,000 of capitalization, are illegal combinations and would probably be so declared, if they were brought to the bar of justice. Our easy-going Attorney-General, however, got frightened when he won a suit against one of them, really begun by the Governor of Minnesota, and hastened to tell them that the government was not going to "run amuck" in its opposition to trusts. Wall street interpreted this statement, and other assurances that were said to come direct from the White House, to mean that there would be no more suits begun against these illegal and criminal trusts this year, and proceeded to put up the prices of trust stocks. The Supreme Court decision was given on Monday; on the following Saturday the prices of these trust stocks closed higher than they had sold for many weeks before.

It is perfectly safe to say that the present occupant of the White House knows full well on which side of his Republican bread is the true butter and that he will not do anything to greatly disturb the harmonious relations which have for many years existed between the Republican party and these hundreds of tariff-fostered and franchise trusts. Cer-

tainly not this year, if these great criminals show their appreciation for favors, as they usually do, by fattening up the Republican campaign fund.

Wood & Son's druggist, corner West Second and Market streets, and their use proved them to be an effective kidney remedy. I have heard others express their appreciation of Doan's Kidney Pills. A medicine which cures kidney trouble is a most desirable one of which to know."

THE GUARANTEED CATARRH CURE.

J. Jas. Wood & Son Will Return Money if Hyomei Fails—No Stomach Dosing.

Hyomei has made so many cures of the most chronic and deep-seated cases of catarrh, that J. J. Wood & Son consider it specific in this disease.

They extend an invitation to all catarrh sufferers to call at their store and purchase a Hyomei outfit with the distinct understanding that it will be absolutely free unless it effects a cure.

The chief reason for the unusual success of Hyomei in the treatment of catarrhal troubles and other diseases of the air passages, is the fact that it cures by a new principle, impregnating the air you breathe with healing and germ-killing balsams. On this account it reaches the seat of the disease in a way impossible to pills, drugs or other stomach dosing.

Many of J. J. Wood & Son's customers who have suffered with catarrh since childhood have been cured completely by this scientific remedy.

The complete Hyomei outfit costs \$1, and consists of an inhaler that can be carried in the purse or pocket, a medicine dropper and a bottle of Hyomei. Extra bottles can be obtained for 50¢, making it a most economical remedy for the cure of catarrh.

Do not suffer longer with catarrhal disorders, but get a Hyomei outfit from J. J. Wood & Son, under their guarantee to return the money if it fails. You run no risk whatever. If it cures, the treatment is not expensive, while if it fails J. J. Wood & Son will refund your money and it will cost you absolutely nothing.

"The Power Behind the Throne"

"The Power Behind the Throne," with Miss Katherine Willard in the leading role, came back to the Walnut yesterday, and drew out two good-sized audiences. The performance was received with every sign of approval both for the story it tells and as to the manner in which Miss Willard interprets its principal character. The incidents are based upon those of Schiller's romantic drama, "Kabale und Liebe." Miss Willard as Aria illustrates from that role all of its requirements, starting from the light-hearted, joyous girl, who is torn from her lover, through the anguish and sacrifices that this separation necessitates up to the tragic moment when the girl is believed to have died. It is an exacting performance, and the sure and safe manner in which Miss Willard handles her work demonstrates that she has a future of bright prospects.

Her support is generally up to the average given by the players in the same roles last season. The company is a satisfactory one, and in the mounting and handling of the scenic opportunities and the costuming Manager White has been most lavish. Cincinnati Enquirer, April 18th.

Elastic MATTINGS

Matting must be flexible, otherwise they soon split. Our stock embraces only "live" matting and it embraces other things too that count for Matting success—uncommon patterns, many of them exclusive, and prices that can't be bettered. Seeing is believing. Our line of 25c. Matting is especially worthy of your attention. Have you seen the Matting display in our east window?

Read what a Mason County farmer says of his Deering Binder:

This is to certify that I bought a Deering Tongue Truck 8 ft. Binder in 1902 and that is as far ahead of the old 6 and 7 ft. binders as day is brighter than night. In one day I cut 30 acres of heavy wheat, and without tiring my horses any more than cutting 15 acres with the old 6 ft. binder. It is perfectly free from neck weight or side draft and a pleasure to operate, elevating grain that the old small binders would choke on. Too much cannot be said in favor of this matchless labor saver. I can cheerfully recommend it to all my friends as the binder par excellence. CHAS. T. MARSHALL.

This is only a sample of what everybody says who has a Deering Ideal Binder.

MR. JOHN B. PETERS.

Gillant Confederate Passed Away Last Evening at His Home Near Bernard—Funeral Thursday.

Mr. John B. Peters, whose critical condition had been frequently mentioned lately, died at 7:30 o'clock Monday evening at the family residence near Bernard. His death was due to Bright's disease, complicated with other troubles, and his health had been failing a year or more. He had been confined to his bed several weeks.

Mr. Peters was born in Woodford Co., Ky., and was in his sixty-eighth year. The greater part of his life was spent in Mason County. He was a successful farmer, a gentleman in the truest sense of the term, upright, industrious and of the strictest integrity, without possessing a frank and genial disposition. A wide circle of friends throughout the county learn with sorrow of his death. Surviving is his wife who was Miss Bettie Lashbrooke, a daughter of the late Peter Lashbrooke. He leaves three sisters and two brothers all of whom live in Missouri except one brother whose home is in Bath County.

Mr. Peters was a brave and gallant confederate, a member of John Morgan's famous Kentucky Cavalry—Col. W. C. P. Breckinridge's regiment.

The funeral will take place Thursday at 10 a. m. (sun time) at the residence. Interment in Maysville cemetery.

The temperature was down to 20° at some points in Kentucky Sunday morning.

The ladies of the M. E. Church will give a strawberry supper the early part of May.

Mr. L. T. Anderson, Jr., sold a fine trotting horse Saturday to Mr. Harry Crawford of Cincinnati, the price being close to \$1,000.

Rev. S. D. Dutcher, formerly of this city, has accepted a call to the First Christian Church at Omaha. He has been at Oklahoma City two or three years.

Mr. Edward Jackon of Houston avenue will go to the World's Fair in May or June to attend the national convention of the Leather Workers' Union on horse goods, as a delegate from the local union.

The Carroll Comedy Company numbering sixteen people will open a three nights engagement at the opera house Thursday, April 21st. They will present a repertoire of comedies new to Maysville audiences and will no doubt please them. As usual, on the opening night two ladies or one lady and one gentleman will be admitted on one 30 cent ticket. Seats on sale at Ray's Wednesday morning.

The Portsmouth Blade says a rather amusing thing took place Friday when a handsome wooden hammer of respectable size, neatly made and handsomely gilded, was sent to Rev. George P. Taubman of the Christian Church, commissioning him High Chief Knocker of the Knockers Club. While Mr. Taubman has not been seen about it, there is no doubt the Reverend gentleman will take it in good part and continue to knock at anything which seems to him to deserve the hammer.

In an interview at Washington City Representative Kehoe says he proposes to stand by Charles Edwards for Secretary of the Democratic Congressional Campaign Committee. "When I nominated Mr. Edwards for re-election I did not know he was a so-called Hearst boomer, but I would not have hesitated had I known. I am not for Hearst, but I am not opposed to every Democrat who is a Hearst man. Edwards has made an efficient Secretary and I propose to stand by him."

James Brown and Terry Mackey, a couple of thirteen-year-olds, sons of Mr. C. T. Brown and Deputy Sheriff Mackey, respectively, concluded Monday afternoon they would tour the country, and see how big Uncle Sam is. They boarded a C. and O. train for Cincinnati, but the crew unloaded them at Augusta. About that time darkness was coming on and James suggested that they had better return home and take a fresh start some other day. They came back on the 8:10 train, much to the relief of their parents.

In order to supply the very large and increasing demand for publications relating to the cultivation of flowers the United States Department of Agriculture has had prepared and will soon issue Farmers' Bulletin No. 195, entitled, "Annual Flowering Plants." The bulletin contains plans for school gardens, and is illustrated with fifty-five text figures. The Continental Tobacco Company has under consideration the question of erecting a large warehouse on the northwest corner of Lexington and Third streets, Fifth ward. The location is a splendid one, convenient to the C. and O. The company could not find a better location for a big tobacco factory than right here in Maysville—the heart of the white burley district. The raw material is right at our doors, and this is the natural site for just such an industry.
